

Electrical Inspector/Plans Examiner

(Part-Time)

City of Miami Gardens, FL. (108,000)

Posted Date: 11/02/10

Deadline: 11/15/10, or until filled

Starting Salary: \$23.00 hr. to \$27.00 hr. / DOQ

Nature of Work:

This is technical engineering work in the examination of residential and commercial construction plans and electrical installations for compliance with the Florida Building Code and other applicable codes and regulations. Examines proposed residential and commercial construction plans submitted for permit approval building is safe for life and property. Examines all types of plans for electrical integrity as detailed and required by the Florida Building Code and all other applicable standards and regulations. Approves or disapproves proposed plans in accordance with code and other regulatory requirements and discusses disapproved items with architects, engineers, contractors and/or owner/builders to obtain plan changes necessary for approval. Conducts technical field inspections in all electrical permit categories of new and existing installations for compliance with the Florida Building Code. Assist contractors and owners with understanding the requirements to achieve code compliance. Supervision may be exercised over technical and clerical personnel. Supervision is received from a technical supervisor who reviews work for adherence to established departmental policies, procedures, and regulations. Work is reviewed only upon challenge of engineering decisions to the Chief or Secretary of the Board of Rules and Appeals.

Minimum Requirements:

High School or vocational school diploma or GED required. Five years of field experience under a Certificate of Competency as a Master Electrician issued by the Miami-Dade County Construction Trades Qualifying Board or State of Florida Department of Business and Professional Regulation are required. Persons with a Certificate of Competency issued by reciprocity with Miami-Dade County will be eligible; **or** Five years of field experience under a certificate as a State Electrical Contractor issued by the Florida Electrical Contractors' Licensing Board are required; **or** Five years of field experience under a license as a Florida Professional Engineer having obtained the license pursuant to examination in the electrical discipline are required.

Applicants must provide proof of certification or licensure for five years; however, a current certificate or license is not required. Applicants must be eligible for certification by the Miami-Dade County Board of Rules and Appeals as specified in Chapter 8 of the Code of Miami-Dade County. Master Electricians and State Contractors must be eligible for certification by the Florida Building Code Administrators and Inspectors Board as specified in Chapter 468, Florida Statutes. Certificate and/or license must be in good standing with Miami-Dade County's Contractor Licensing and Enforcement Section and/or the Florida Department of Business and Professional Regulation with no pending complaints. All applicants qualifying for employment will be subject to extensive background screening. Must possess a valid Florida driver's license and maintain satisfactory driving record throughout employment.
